

March 20, 2020

Dear Parents, Students, and Staff:

I am pleased to send the attached letter and frequently asked questions that we received from Alberta Education today. These communications emphasize the following key messages:

- The safety of our staff and students comes first.
- Student learning will continue.
- Provincial funding is still flowing to schools.
- Your school division has flexibility to do what is best for your community.

In my previous communication, I shared that our schools will be in contact with families following Spring Break (March 23 - March 27). To review the updates that have been sent over this past week by email, please go to our [Coronavirus Update](#).

Thank you for your ongoing patience and support during this very challenging time. I pray for everyone to stay healthy and to enjoy this time with your families.

Sincerely,

David Keohane, Superintendent of Schools
